

Planning Application

1.

Application No:	P/FUL/2026/04028
Location:	20 Salisbury Street Cranborne BH21 5PU
Proposal:	Replacement of existing metal framed windows with uPVC heritage style alternatives, and works to replace and repair existing timber doors.
Comments Due:	16 th September 2026
Planning working Group Comment	No objection. The application is to replace the metal framed windows with heritage UPVC frames. Plus a replacement door. The house was built in 1930 and is in the Conservation Area (CA). The property is currently used for supported housing for people with autism. I believe the proposals will have no negative impacts on the CA. The frames are in a poor condition. They will be replaced with heritage UPVC frames in a similar style to the existing. The issue for the planning officer is the use of UPVC frames in a CA. These new frames appear to be in a sympathetic style and therefore I can see no reason to object to this proposal. I therefore recommend the Parish Council SUPPORTS the application. Cllr Shirley Merrick 10th August 2026.
